Executive Summary

Junior Software Developer with a Diploma in Full stack Software Development from the Code Institute in progress. Proficient in HTML, CSS, JavaScript, Python. Through my work as a coach and science teacher and through the relevant studies I have over 10 years of experience in dealing with people, customers and colleagues. I was able to motivate others and myself to achieve goals efficiently and complete projects. I am a valuable team-player with strong communication skills and effective problem-solving ability. I am eager to gain entry into the tech industry into an exciting development team where I can grow and contribute!
